An update from the President

The Johns Hopkins Science Policy & Diplomacy Group (JHSPDG) is excited to announce the launch of our email newsletter. As our operations expand, we propose that this newsletter will streamline our communications, helping you stay current on all of the exciting opportunities in the science policy and diplomacy science.

Whether you're a grad student, post doc, or faculty member interested in SciDip and SciPol, this newsletter is for you. We hope that you'll join us on this journey as we explore the intersection of science, policy, and diplomacy and work towards a more informed and engaged society.
